

TACSC
A CATHOLIC LEADERSHIP ORGANIZATION

COME TOGETHER FOR
STUDENT
LEADERSHIP
DAYS 2020

PLAN

Students attend workshops on topics including Diversity and Public Speaking. Students will learn to accept and welcome diversity within small and large groups. They will also learn the tools of public speaking in multiple groups to help communicate their goals.

PRACTICE

A mix between "Minute to Win It" and "Amazing Race," the Leadership Challenge applies group dynamic and conflict management techniques to fun and exciting challenges played by students. After discussing different personality types, your students will work together toward their goals.

SERVE

All leaders learn that they cannot lead unless they serve. Students learn how to put their Catholic faith in action in becoming servant leaders. Students are inspired with a module designed to encourage these future change makers to use their God-given gifts to affect change in their families, schools, parishes and communities.

REAL WORLD STRATEGIC PLANNERS.
EFFECTIVE COMMUNICATORS.
SERVANT LEADERS. LIFE-LONG MENTORS.
