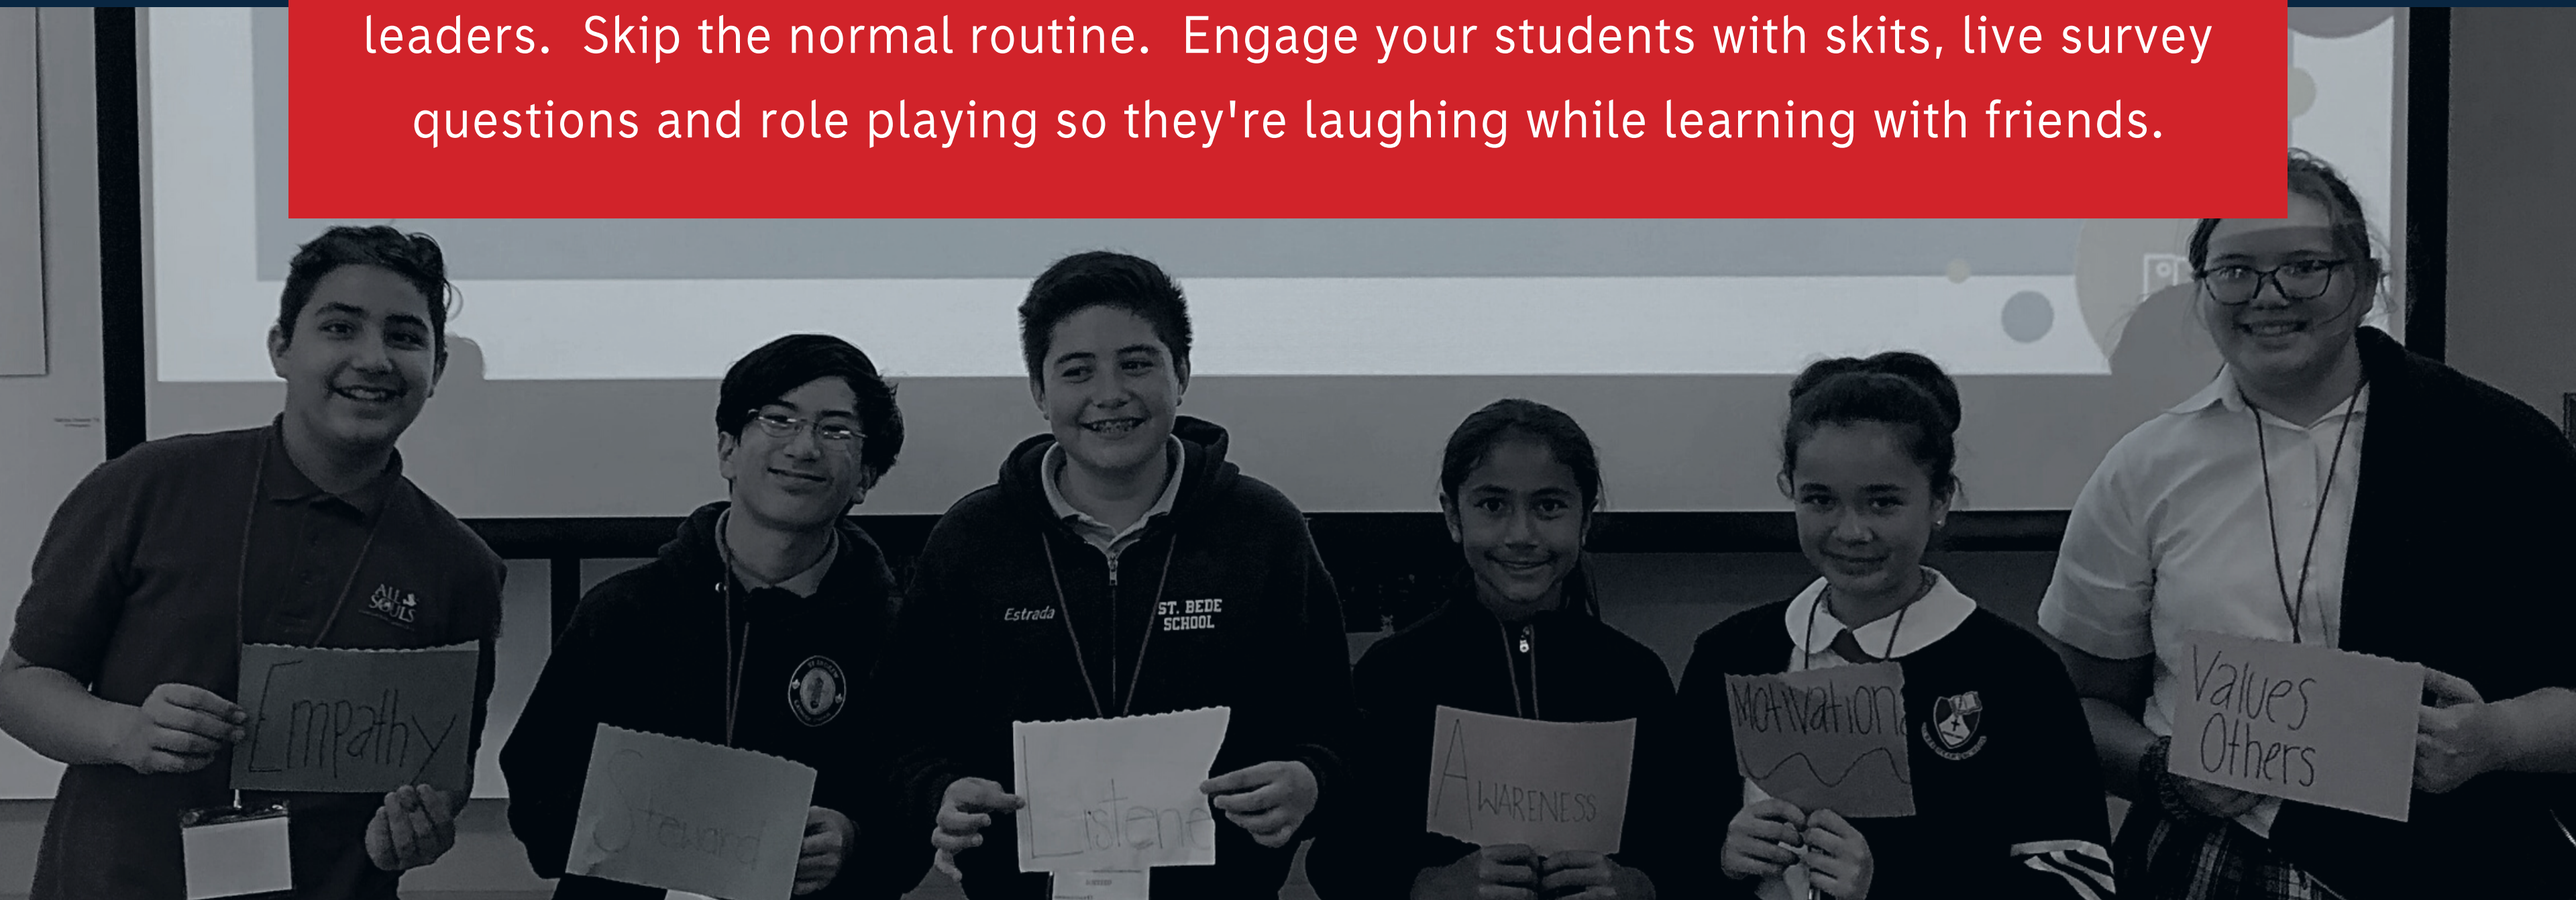
STUDENT LEADERSHIP DAYS

Online learning is tough. That's why we're offering the TACSC approach - leadership and team building content delivered safely by other student leaders. Skip the normal routine. Engage your students with skits, live survey questions and role playing so they're laughing while learning with friends.



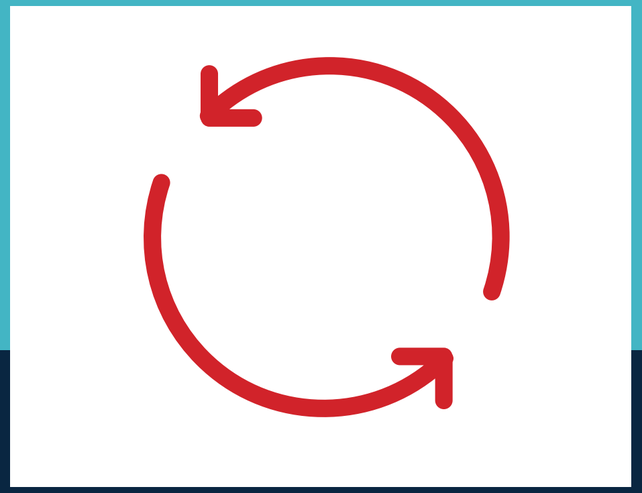
High school students lead Student Leadership Day activities, reinforcing their own leadership skills and providing a new experience for middle school participants, as opposed to their normal online work with teachers.

Additionally, students will be separated from their classmates as much as possible to encourage networking and social interaction with students from other schools.

DELIVERING THE TACSC MAGIC

SKILL-BUILDING WORKSHOPS

Students learn tips on public speaking and how to share their perspective. They also become more accepting and welcoming of diversity in daily life



LEADERSHIP CHALLENGE

Staff will lead engaging and creative activities to encourage communication and group dynamics

SERVANT LEADERSHIP

In partnership with The Kindness Campaign, participants will learn the characteristics and pillars of servant leaders and participate in a service project

Through our Student Leadership Days, we hope to do more than build future Catholic leaders. There will be an element of self evaluation as students work with The Kindness Campaign to recognize and support mental health workers. We hope to raise awareness about the mental health challenges associated with the pandemic and online schooling. Click the logo to learn more.

TKC™
THE KINDNESS CAMPAIGN
